## Sample Submission Options

- **ELECTRONIC** (Discounted Rate)

- ⇒ **Excel Spreadsheet**

Download completed spreadsheet\* and email to [NADR@deerregistry.com](mailto:NADR@deerregistry.com)

Mail samples and payment to NADR

- ⇒ **Game Management Software (GMS)** [www.wildlifemanagementsoftware.com](http://www.wildlifemanagementsoftware.com)

Transmit sample data directly from GMS to NADR system; Mail samples/payment

After sample is processed lineage information is transmitted back to GMS.

- **MANUAL**

Print and complete Whitetail Verification form\*

Submit form, sample, and payment to NADR

## Online Inventory Access

- Before requesting access, complete steps to become an NADR member (page 1)

- One login is authorized per ranch

- Go to [www.deerregistry.com](http://www.deerregistry.com) and select the NADR Online Inventory Login tab

- ⇒ On right side under login, click on “+ Register Here” and enter requested info

- ⇒ You will receive emails confirming login/password data

- Call NADR office for account activation

## Tips

- When submitting samples via any method, provide all possible sire & dam DNAs numbers to include AI and backup bucks. Also, provide breeder farm if not your own.

- Adding comparison deer after completion of initial processing will result in additional charges—Work Order

- In extreme temperatures, we recommend shipping samples to arrive on a week day.

- After samples are processed (8-12 business day average processing time), NADR will issue a Parentage Verification Certificate and upload sample information into the Online Inventory.
